Dear Residents:

The water project continues with
completion on Harrison St. & Water
Tower connections. Due to savings in
the project bid vs. the approved finance
package we have been able to expand
the replacement of 90 year old mains
as well as numerous hydrants for
greatly improved fire protection. All
while remaining in budget. Service
taps along the new mains are
continuing as well. There may be
temporary interruptions as connections
are made. We'll do our best to inform
you 24 Hrs in advance when planned
outages are occurring. Restoration of
yards and pavement will take place as
the project moves to completion.

As always, for more village
information, please contact the
mayor's office or attend a monthly
meeting, Village Council (1st Tuesday)
or Board of Public Affairs (3rd
Tuesday), both 7pm.
