TUESDAY, NOVEMBER 5th

Dear Residents:

Good progress and work continues on the 1930's Water Line Phase II project, construction along Ashley Road and the south water tower is nearing completion and the contractor, Simonson Construction, will begin installing the new line along South and Harrison Streets. There will be through road closures on South and Harrison Streets on a block by block basis as needed. The contractor will make every effort to maintain single lane - local traffic for residents on the effected block during construction. The village has made the Post Office, Elm Valley Fire and EMS Services aware of this construction and potential traffic rerouting. We're working with the contractor and USPS to ensure minimal disruptions to mail service occur.

For more information, please contact the Mayor's office or attend a Village Council or Board of Public Affairs meeting.

Regards,

David Lockhart

Mayor
